

INSTRUCTIONS FOR COMPLETING AN APPLICATION TO PRACTICE MEDICINE IN VIRGINIA FOR GRADUATES OF MEDICAL SCHOOLS NOT IN THE UNITED STATES OR CANADA

(This form has been designed to be used as a checklist when preparing to submit your application.)

APPLICATION FEES ARE NONREFUNDABLE

BEFORE YOU PROCEED, READ THE FOLLOWING POINTS CAREFULLY!

This is the application for a full and unrestricted MD license to practice medicine for a graduate of a medical school not in the US or Canada. It is not the application for a training license to practice as a resident or fellow.

You should familiarize yourself with the qualifications required for a full license by reviewing the laws and regulations governing the practice of medicine in Virginia. They can be found at: http://www.dhp.virginia.gov/medicine/medicine_laws_regs.htm

The Board works as efficiently as possible to process applications. The time from filing an application with the Board until the issuance of a license is dependent upon entities over which the Board has no control. It is the applicant's responsibility to ensure that outside entities send the necessary documentation to the Board. You should not expect the process to take less than 3-4 months, so plan accordingly if you are pursuing a practice position in Virginia.

The Virginia Board of Medicine accepts the verified documentation provided by the Federation Credentials Verification Service (FCVS) in case you choose to engage FCVS to help you with your application. <http://www.fsmb.org/licensure/fcvs/>

The Virginia Board of Medicine accepts credentials verified through the Educational Commission for Foreign Medical Graduates' (ECFMG) Electronic Portfolio of International Credentials (EPIC) in case you choose to engage EPIC to obtain primary-source verification of your medical education credentials in support of your application. For information on EPIC, visit <http://www.ecfmgepic.org>. Special Instructions for applicants to the Board can be found at <http://www.ecfmgepic.org/instructions-virginia.html>

The Board provides an electronic checklist for your convenience in tracking your application. You should allow approximately 30 days for your initial application checklist to be updated on the Board's website. Supporting documentation will be added to your checklist as it is received. Processing of documents may take up to 10 business days after they are received. If you find your checklist does not exist or does not indicate necessary documents have been received, e-mail the Board at

medicineandsurgeryapplications@dhp.virginia.gov with “Medicine and Surgery Application Question” in the subject line. E-mails will be answered within 2 business days.

Your application checklist may be viewed by logging into your application and clicking on the “View Checklist” link located in the Pending Licenses section. This link will not be visible for applicants who have not yet paid the application fee. If you have submitted your application and required fee online, but no longer see your checklist listed in the Pending Licensing section, your license may have been issued by the Board. Please visit <https://www.license.dhp.virginia.gov/license/> and use your current User ID and Password to login and view your newly issued license. If you need technical assistance with your checklist contact the agency’s helpdesk at 804-367-4444. The helpdesk cannot provide assistance regarding information about your documents.

Supporting documentation sent to the Board when there is no application on file will be purged after six months.

NB: Virginia law considers material misrepresentation of fact in an application for licensure to be a Class 1 misdemeanor. Misrepresentation may be by commission or omission. Be sure of your facts and provide full responses to the Board’s questions.
