**Note:** Virginia is a compact state under the Nurse Licensure Compact (NLC). Under the NLC, to receive and/or maintain an RN/LPN license with multi-state privilege(s), an applicant must meet all Uniform Licensure Requirements in accordance with Virginia Code § 54.1-3040.3 C. If you do not meet all Uniform Licensure Requirements (ULRs) OR reside in a ‘non-compact’ state, you may be eligible for a single-state license authorizing practice only in Virginia.

If your primary state of residence (PSOR) is a compact state, you must apply for licensure in your PSOR (compact state). If your primary state of residence is Virginia or a non-compact state, and your Virginia license has been expired for more than two years, you may apply in Virginia for reinstatement. Indicate on the application your primary state of residence. For current information on the NLC go to: [https://www.ncsbn.org/nurse-licensure-compact.htm](https://www.ncsbn.org/nurse-licensure-compact.htm).

- In accordance with Virginia law Virginia Code §54.1-3040.3 (C): If you meet all Uniform Licensure Requirements (ULRs) and your PSOR is Virginia, you will be granted a license with multi-state privilege that allows you to practice in other compact states.
- If you now live in a compact state and are moving to Virginia, you may continue to practice under your former home state license during the processing of your application.
