APPLICATION INSTRUCTIONS TO PRACTICE AS A RADIOLOGIC TECHNOLOGIST BY ENDORSEMENT

GUIDANCE

1. Familiarize yourself with the qualifications required for a full license by reviewing the [Laws and Regulations](#) governing the practice as a radiologic technologist in Virginia.
2. **Application fees are non-refundable. Your application is NOT processed until the fee is paid. Fees must be submitted with the online application.**
3. The endorsement application fee is \$130.00.
4. Applications EXPIRE 180 days (six months) from submission if they are not completed. You must ensure all required supporting documentation is submitted to the Board before the expiration date. If your application expires, you are required to start the process over by submitting a new application and paying the fee again.
5. [National Practitioner Data Bank \(NPDB\)](#) self-query reports expire within six (6) months of receipt and must be resubmitted if you do not complete your application within that timeframe.
6. When possible, submit your documents electronically. Some forms may be faxed to 804-527-4426 and are indicated as such. If you must mail your documents to the Board, you are encouraged to send them via FedEx or UPS so you can track their delivery. The Board is unable to track documents delivered via USPS.
7. For mailed applications, the Board does **not** accept supporting documents that are copied *after* they are notarized.
8. Consistent with Virginia law and the mission of the Department of Health Professions, public addresses on file with the Board of Medicine are made available to the public. The Board address noted on your application may be different from the public address and is not released to the public. The Board of Medicine allows the Board address of record to be a Post Office Box or practice location.
9. The Board processes applications efficiently, but licensing time depends on external entities, so plan accordingly. Applicants must ensure all required documentation is sent to the Board. If the Board deems any of the required criteria for endorsement is unmet, your application will be routed to the traditional pathway for an initial license in Virginia.
10. **Do not begin practice prior to Board approval.** Submission of an application does not guarantee a license. A review of your application could result in the finding that you are not eligible pursuant to Virginia laws and regulations. Additional information may be requested after review by the Board.
11. You may view the progress of your application online by [logging into your application](#) and clicking on the "View Checklist" link located in the Pending Licenses section. This link **is not** visible until your application fee is paid in full.
